ACT ENERGY TECHNOLOGIES ANNOUNCES EARLY REPAYMENT OF EXCHANGEABLE SUBORDINATED PROMISSORY NOTE

CALGARY, AB, CANADA – April 27, 2026 – ACT Energy Technologies Ltd. (TSX: ACX) (“**ACT**” or the “**Company**”) today announced that it has repaid in full the outstanding exchangeable subordinated promissory note, issued in connection with its acquisition of Rime Downhole Technologies, LLC (“**Rime**”) on July 11, 2023 (the “**EP Note**”). All dollar amounts referred to herein are U.S. dollars, unless otherwise noted.

ACT repaid the outstanding aggregate principal amount of USD \$20.0 million of the EP Note, plus accrued interest. The early repayment of the EP Note was funded using the available USD \$20.0 million term facility provided by the Company’s syndicate of lenders. The EP Note was cancelled upon repayment.

The EP Note was originally issued on July 11, 2023 by CET Flight Holdco, Inc., a US-based wholly-owned subsidiary of ACT, as part of the consideration in ACT's transaction to acquire Rime. The EP Note contained a conversion right for the EP Note to be converted into 3,510,000 common shares of ACT in certain circumstances. As a result of the early repayment of the EP Note, this conversion right is no longer applicable.

The repayment of the EP Note resolves its upcoming maturity and eliminates the potential dilutionary impact of a conversion.
